## ABOUT COLLEGE

Gokula Krishna College of Pharmacy (GKCP) is established in the year 2007 which is sponsored by Sri Krishna Educational Society, Hyderabad. The institution was started with an idea of imparting pharmacy education in rural area, but now it has students from all over state. Though young, GKCP has made a significant impact in various areas of teaching and research, and continues to strive for excellence. The institute was approved by the Pharmacy Council of India (PCI), All India Council of Technical Education (AICTE) and State Govt. of Technical Education, AP. The institute has been offering four year's B.Pharmacy course (100), two year's M. Pharmacy course (Pharmaceutics-18 & Pharmacology-18) which is affiliated to JNTUA, Anantapuramu.

"Our mission is to educate students from all over the state even country including those from the local and rural areas so that they become enlightened individuals improving the living standards of their families, industry and societty. We will provide individual attention world class quality of education and character building.

## ABOUT FDP

The aim of FDP is to bring the faculty fraternity and scientific community into the one umbrella and explore the importance of pharmacy education in academics, research industry and drug control aspects so as to improve the overall healthcare system across the world.

Faculty development program will help to disseminate the knowledge in cutting edge technologies in pharmaceutical sciences.

Participants may know the important of cutting edge technologies as artificial intelligence, block chain, the internet of things and machine learning are expected to support many aspects of marketing. This FDP provides the current state of the art on using cutting edge technologies in marketing illustration by taxonomy.

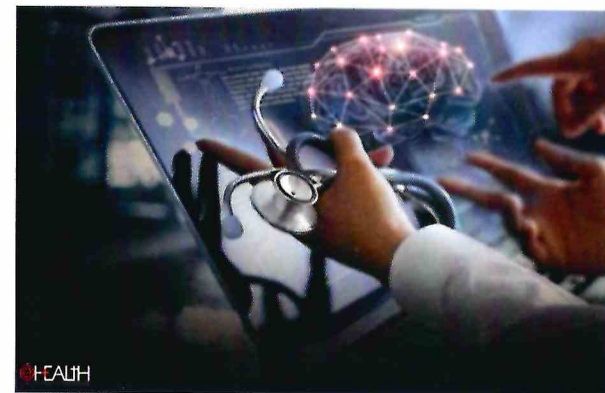

### OBJECTIVE OF THE PROGRAM:

- The importance of Cutting edge strategies in pharmaceutical industry.
- How this strategies is using in Pharmacy field
- Bio-MEMS
- Immunological detection devices

*Navay*

PROFESSOR & PRINCIPAL  
GOKULA KRISHNA COLLEGE OF PHARMACY  
SULLURPET, SPSR NELLORE DT., A.P-524121

### OUTCOME OF THE PROGRAM:

- Describe Micro-fluidic based lab on a chip devices
- Describe and develop these technologies to meet the demanding requirements of the pharmaceutical microbiology laboratory and manufacturing in process monitoring.

**Objective of the Program** : The objective of the FDP on **Cutting Edge Technologies in Pharmaceutical Sciences** is to know

- The importance of Cutting edge strategies in pharmaceutical industry.
- How this strategies is using in Pharmacy field
- BioMEMS
- Immunological detection devices

**Topics Covered** : 1. Cutting edge strategies for efficient pharmaceutical production  
2. Nano particle drug delivery  
3. Current status of rotational atherectomy

**Outcome of the Program** : We collected Open feedback from the faculty members; participants conveyed from this program, Could

- Describe Micro-fluidic based lab on a chip devices
- Describe and develop these technologies to meet the demanding requirements of the pharmaceutical microbiology laboratory and manufacturing in process monitoring.

**Number of Participants** : 26

## ABOUT COLLEGE

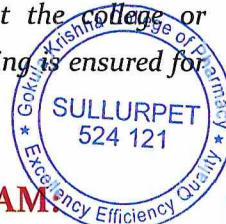

Gokula Krishna College of Pharmacy (GKCP) is established in the year 2007 which is sponsored by Sri Krishna Educational Society, Hyderabad. The institution was started with an idea of imparting pharmacy education in rural area, but now it has students from all over state. Though young, GKCP has made a significant impact in various areas of teaching and research, and continues to strive for excellence. The institute was approved by the Pharmacy Council of India (PCI), All India Council of Technical Education (AICTE) and State Govt. of Technical Education, AP. The institute has been offering four year's B.Pharmacy course (100), two year's M. Pharmacy course (Pharmaceutics-18 & Pharmacology-18) which is affiliated to JNTUA, Anantapuramu.

"Our mission is to educate students from all over the state even country including those from the local and rural areas so that they become enlightened individuals improving the living standards of their families, industry and societttty. We will provide individual attention world class quality of education and character building.

## ABOUT MDP

The growth of a student would be complete when the surrounding facilitators both in academic, practical and administration all contribute in the development of the student and make him more successful so not only the teaching, non-teaching staff also has important role to play. The need for comprehensive education is growing more and more and demand for quality education is becoming irrefutable. The partners of education industry not only the teaching faculty but also the supporting staff in both administration and lab purposes is becoming a must and development oriented with it. From our experience we observe that only teaching staff or the faculty alone get some training inputs, but there is a definite lack of training for the non-teaching staff, Administrative Staff and Technicians, this can result in the imbalance in the students growth, so it is recommended that for the best values that the college or Institution can get only when the training is ensured for both teaching and nonteaching staff.

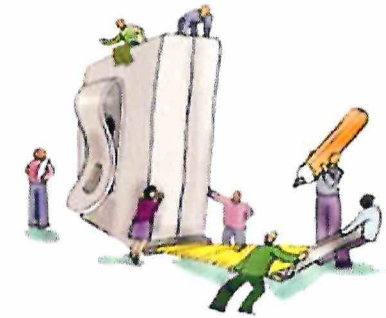

## OBJECTIVE OF THE PROGRAM

- To enhance the knowledge and skills of non-teaching staff.
- To boost the confidence of non-teaching staff.

## OUTCOME OF THE PROGRAM:

- Develop a personality through which to achieve personal goals.
- Effectively contribute to the mission and vision of the college.

## Capacity Building

## Gold Medal 2014-15

## ABOUT COLLEGE

Gokula Krishna College of Pharmacy (GKCP) is established in the year 2007 which is sponsored by Sri Krishna Educational Society, Hyderabad. The institution was started with an idea of imparting pharmacy education in rural area, but now it has students from all over state. Though young, GKCP has made a significant impact in various areas of teaching and research, and continues to strive for excellence. The institute was approved by the Pharmacy Council of India (PCI), All India Council of Technical Education (AICTE) and State Govt. of Technical Education, AP. The institute has been offering four year's B.Pharmacy course (100), two year's M. Pharmacy course (Pharmaceutics-18 & Pharmacology-18) which is affiliated to JNTUA, Anantapuramu.

"Our mission is to educate students from all over the state even country including those from the local and rural areas so that they become enlightened individuals improving the living standards of their families, industry and societttty. We will provide individual attention world class quality of education and character building.

## ABOUT FDP

Faculty development is essential for renewing and assisting faculty to maintain teaching effectiveness and adapt to innovations in health professions educational institutions. The pharmaceutical innovations progress has been transformational; the world continues to face major health threats. A continuous improvement is a philosophy of most pharmaceutical manufacturers as they strive to increase supply, gain, efficiencies and decreases costs. New medicines and vaccines don't fall out of the sky. It is critical that we understand and protect what makes this innovation possible. And also we must protect the innovation ecosystem that makes this journey possible. Because the innovation journey is itself so unpredictable, we need the strong foundations on which to build it

## OBJECTIVE OF THE PROGRAM:

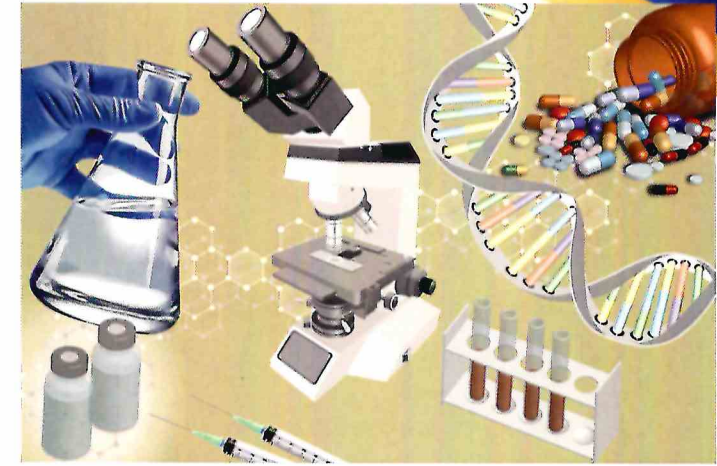

- Participants will learn the recent innovations in pharmacy
- Participants would understand, how to identify the errors which are arising in various stages of the drug-use process:

Formulation  
Manufacturing  
Analyzing  
Dispensing  
Administration.

## OUTCOME OF THE PROGRAM

The participants could be able to

- Create value to society by making it possible to generate improvements in health that were previously unattainable.
- Focus on drug discovery, development, and some techniques of protection strategies.

Gold Medal 2014-15

## **PROGRAM REPORT**

**Name of the Program** : A One Week Faculty Development Program on  
"Pharmaceutical Innovations And Protection Strategies"

**Date of the Program** : 12-11-2018 to 17-11-2018

**Details of the Resource Person** :

**Resource Person 1** : Name : Dr. K.Harinadha Baba

Designation : Professor & Principal

Address : Narayana pharmacy college, Nellore.

Email : harinadha\_baba@yahoo.co.in

Phone : 9989477297

**Resource Person 2** : Name : Ms. P.Kavitha

Designation : Assistant Professor

Address : Gokula Krishna college of pharmacy, Sullurupeta.

Email : kavithapharma147@gmail.com

Phone : 9393835500

**Resource Person 3** : Name : Dr.B.Pavankumar

Designation : Professor & Principal

Address : Gokula Krishna college of pharmacy, Sullurupeta.

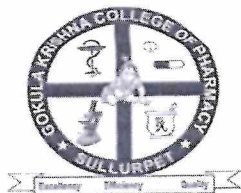

Email : pavan.gkcp@gmail.com

Phone : 9948990116

*Balagani Pavan Kumar*

website: www.gkcp.edu.in

**Objective of the Program** : The objective of the FDP on **Pharmaceutical innovations and protection strategies** is

- Participants will learn the recent innovations in pharmacy
- Participants would understand, how to identify the errors which are arising in various stages of the drug-use process:

- Formulation
- Manufacturing
- Analyzing
- Dispensing
- Administration.

**Topics Covered** : 1. Pharmaceutical Innovations And Protection Strategies  
2. Drug Discovery And Development Processes  
3. Strategies To Reduce Medication Error

**Outcome of the Program** : We collected open feedback from the faculty members; from this program, the participants could be able to

- Create value to society by making it possible to generate improvements in health that were previously unattainable.
- Focus on drug discovery, development, and some techniques of protection strategies.

**Number of Participants** : 28

## ABOUT COLLEGE

Gokula Krishna College of Pharmacy (GKCP) is established in the year 2007 which is sponsored by Sri Krishna Educational Society, Hyderabad. The institution was started with an idea of imparting pharmacy education in rural area, but now it has students from all over state. Though young, GKCP has made a significant impact in various areas of teaching and research, and continues to strive for excellence. The institute was approved by the Pharmacy Council of India (PCI), All India Council of Technical Education (AICTE) and State Govt. of Technical Education, AP. The institute has been offering four year's B.Pharmacy course (100), two year's M. Pharmacy course (Pharmaceutics-18 & Pharmacology-18) which is affiliated to JNTUA, Anantapuramu.

"Our mission is to educate students from all over the state even country including those from the local and rural areas so that they become enlightened individuals improving the living standards of their families, industry and societttty. We will provide individual attention world class quality of education and character building.

## ABOUT FDP

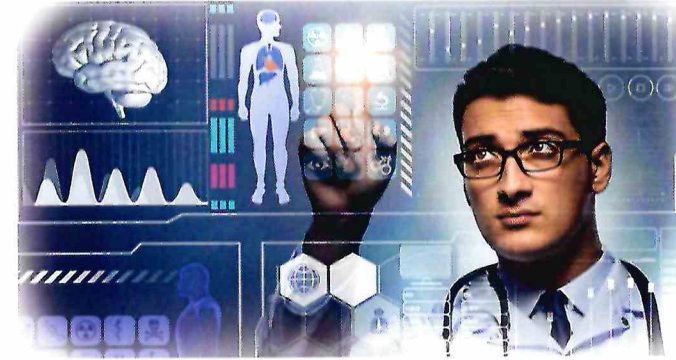

The aim of FDP is to bring the faculty fraternity and scientific community into the one umbrella and explore the importance of pharmacy education in academics, research industry and drug control aspects, so as to improve the overall healthcare system across the world. Pharmaceutical education and research deals with the discovery of vaccines, new chemical entities from various natural sources as maker compounds. Synthesis of new chemical entities in research laboratories. This FDP program will provide an effective platform to learn recent developments in the field of pharmacy profession to budding pharmacists, research scholars and faculty fraternity.

### OBJECTIVE OF THE PROGRAM:

- Trends in pharmaceutical research.
- Learn the past, present, and future of the Indian system of pharmaceutical education and recent research methodologies

### OUTCOME OF THE PROGRAM:

- Describe about the Indian system of pharmacy education
- How to incorporate strategies for good opportunities to get a better future
- Recent advances in pharmaceutical research methodologies.

**Objective of the Program** : The objective of the FDP on "**Recent Trends and Challenges in Pharmaceutical Education and Research**" is to create awareness among the faculty members about the past, present, and future of the Indian system of pharmaceutical education and recent research methodologies.

**Topics Covered** :

- Pharmacy education in India; Strategies for a better future.
- Current trends and opportunities for competency assessment in pharmacy education.
- Trends in pharmaceutical research.

**Outcome of the Program** :

From this program we collected open feedback from the faculty members; That the participants were able to

- Describe about the Indian system of pharmacy education and how to incorporate strategies for good opportunities to get a better future
- Implement the recent advances of pharmaceutical research methodologies in their research.

**Number of Participants** : 25
