## BEST PRACTICE 1

1. **Title of the Practice:** GKCP NENU SAITHAM (Me Too Towards Selfless Service)

2. **Objectives of the Practice:**

- To develop organizational skills among the students, understand the real needs of society, and indulge them in the problem-solving process.
- To inculcate strategies for facing emergencies and national disasters.
- To educate the women about various schemes drafted by central and state governments and laws formulated for their safety and benefit.
- To practice national integration and uplift social harmony among individuals.
- To promote awareness about health-related problems through awareness rallies and medical camps.

3. **The Context:**

The future of our country is in the hands of students as they become professionals and work for the betterment of the country. The students educate people about their basic human rights, duties, and the benefits of living in a clean environment. The management and staff of Gokula Krishna College of Pharmacy (GKCP) step ahead in inspiring and motivating the students by conducting and bringing various outreach and awareness programs related to hygienic living conditions, women's issues, etc.

4. **The Practice:**

The head of the institution, along with the NSS unit, maintains a good rapport with the local leaders and social workers, non-officials of the villages, and makes them involved in the awareness programs conducted by the institution. Indian Red Cross Societies, Nova Blood Bank Nellore, Vasavi Club, JCI, Special Enforcement Bureau, and Road Transport Officer, Sullurupeta, were associated with various awareness programs with the institution.

The students of GKCP and NSS volunteers conducted various health awareness programs in and around the Sullurupeta region. The program was rendering excellent services through this NSS unit to the needy people of society. On behalf of the NSS unit, various rallies on voter awareness, health awareness, and the international day against drug abuse and illicit trafficking were organized with the support of Sullurupeta division government authorities.

## 5. Evidence of Success:

It was clearly evident that there was a change in the villager's attitude towards cleanliness. The students appeared more sensitized and motivated through their participation in various social activities conducted by the institution. The organizational skills among the students appeared to be enhanced while organizing these programs at the college. Our NSS volunteers distributed "Eco-friendly Ganesha" on the eve of Vinayaka Chaturthi every year. Every year, our NSS volunteers conduct an awareness program on Diwali crackers and promote eco-friendly Diwali celebrations. Our NSS volunteers regularly conduct blood donation camps in association with various blood banks like Nova Blood Bank, IRCS, Nellore, etc.

**III. Venue:** Naidu Peta Municipal Corporation. Tirupati Dist.

**Report:**

NSS Unit-I of GOKULA KRISHNA COLLEGE OF PHARMACY, Sullurupeta organized a “**Energy Conservation Rally**”. Energy conservation refers to efforts made to reduce energy consumption through using less of an energy service. Energy conservation can result in increased financial capital, environmental quality, national security, personal security and human effort. The staff and students of GKCP were participated in this rally was taken place Naidu Peta Municipal Corporation (N M C) on 16-02-2023. Energy conservation rally aims to give awareness about the depletion of energy sources. We need to accept this fact and try to use other sources like solar energy.

*“Earth provides enough to satisfy every man’s needs, but not every man’s greed”*

*“When the Sun is bright, say no to artificial light”*

**I. Name of the Program: "Cleaning of Village Ponds and Wells"**

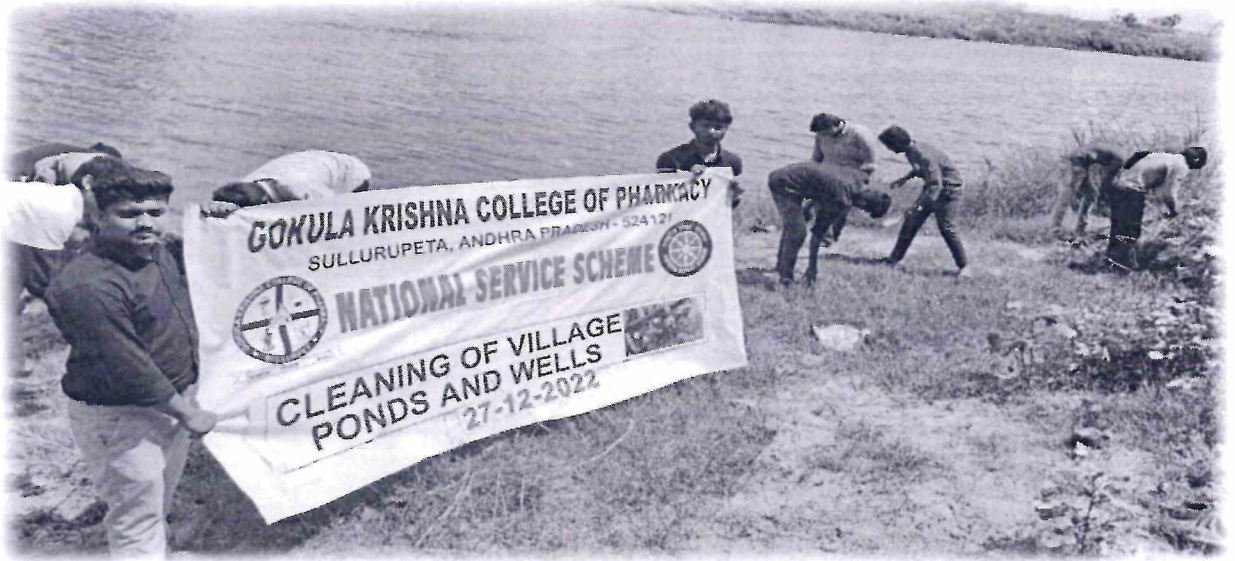

**II. Date: 27-12-2022**

**III. Venue: Pulivendula Panchait.**

**Report:**

Gokula Krishna College of Pharmacy, Sullurupeta. Around 50 students of the NSS wing along with faculty members had taken initiative to clean the pond. Cleaning of ponds was closely related to cleanliness of the village and health of the people. Without clean water, the death toll keeps rising annually due to the increased cases of water born diseases such as Malaria, Diarrhea and Typhoid fever. Sensitizing the society towards the cleanliness, it's not only land to be cleaned but needs the equal attention to be given to water bodies. Ponds plays a significant role in the provision of ecosystem services to society including water purification, flood alleviation, irrigation, watering livestock, fish production, support for pollinators and climate change mitigation. Keeping this in mind a pond and well cleaning activity was conducted in Pulivendula Panchait on 27-12-2022.

**I. Name of the Program:** “Soil-testing, Soil Health care and Soil Conservation”

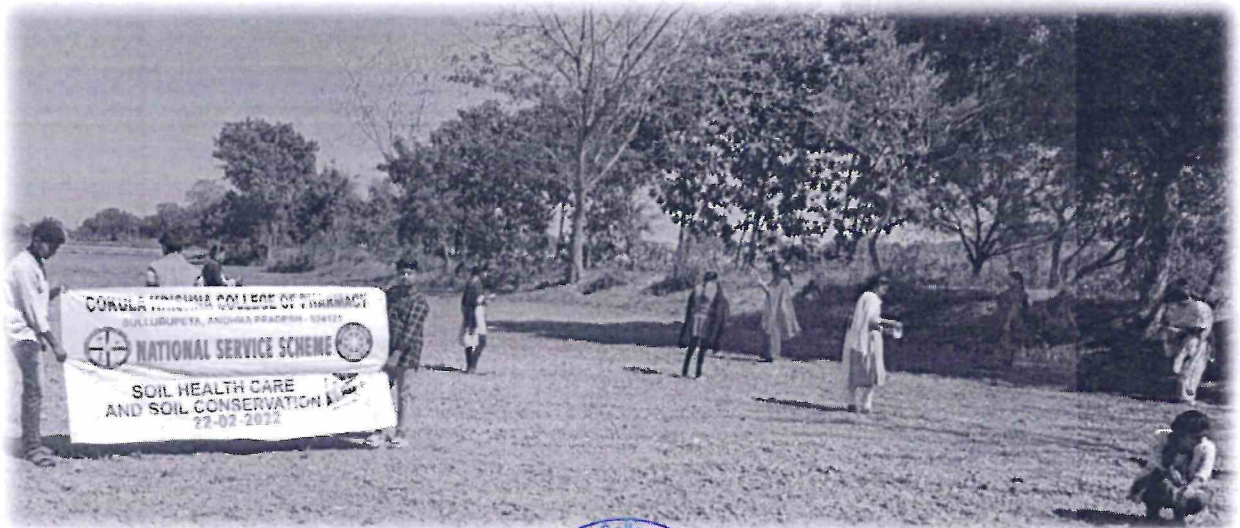

**II. Date:** 22-02-2022

**III. Venue:** N V Kandriga Panchait.

## Report:

Regulating water soil helps in controlling where rain, snowmelt, and irrigation water goes. Water flows over the land or into and through the soil. Sustaining plant and animal life the diversity and productivity of living things depends on soil. Filtering and buffering potential pollutants The minerals and microbes in soil are responsible for filtering, buffering, degrading, immobilizing, and detoxifying organic and inorganic materials, including industrial and municipal by-products and atmospheric deposits. Cycling nutrients Carbon, nitrogen, phosphorus and many other nutrients are stored, transformed, and cycled in the soil. Providing physical stability and support Soil structure provides a medium for plant roots. Soils also provide support for human structures and protection for archeological treasures. The main aim of this program is to educate the importance of soil conservation to the N V Kandriga villagers. By keeping this in mind NSS Unit-I of Gokula Krishna College of Pharmacy, Sullurupeta organized an awareness program on Soil-Testing, Soil Health Care and Soil Conservation on dated 22-02-2022.

*“Land is not merely soil, it is a fountain of energy flowing through a circuit of soils, plants and animals.”*

**Report:**

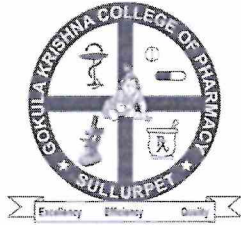

On 02<sup>nd</sup> February, 2022 (Wednesday), NSS Unit-I of **Gokula Krishna College of Pharmacy-Sullurupeta** and collaboration with **Nova Blood Center - SPSR Nellore** organized a blood donation camp in our campus. The camp was organized by the teaching faculty, non teaching faculty and students to the blood donation. The camp took place in the seminar hall of the GKCP. The Principal of the college Dr.Balagani Pavan Kumar started around 9 o'clock in the morning, with the Students donating blood. The senior students of the campus too participated in the program. Apart from students, many Local people also participated in this. The blood collected from this camp was to be give to the **Nova Blood Center - SPSR Nellore**. The college had arranged for refreshments for those who donated blood in the camp. Students and other people who had participated in this blood donation camp were given certificates and a small gift. To watch over the entire process and to collect the blood, a team of five doctors were put in charge. The college had also arranged for a resting room for anyone who felt dizzy or sick after donating blood. Volunteers from NSS Unit also had come to help the College organize the blood donation camp. After the completion of the blood donation, the Principal thanked and appreciated everyone present in the camp. The day ended with the National Anthem and a heartfelt vote of thanks from the Principal of the college.

*Donate blood responsibly, not on roads but at blood donation camps*

**I. Name of the Program:** "Vanam-Manam"

**II. Date:** 21-10-2021

**III. Venue:** Kotapoluru Panchait.

**Report:**

Vanam – Manam (Tree Plantation program) was conducted by the NSS Unit-I of Gokula Krishna College of Pharmacy Sullurupeta on 21-10-2021 at Kotapoluru village. This program was planned to bring awareness among the students and staff members of Gokula Krishna College of Pharmacy. Awareness among the public by students of GKCP. They also gave an message "Plant a tree today; it will help us breathe tomorrow." (Trees provide us with oxygen and fresh air and planting them will ensure we have fresh air to breathe in the future). The main objective of this program Vanam - Manam is very necessary because trees provide oxygen to the environment and make the air quality better if more trees are planted, then the world's environment will become a safer place to live in. Tree plantation also reduces pollution, thus making the life of future generations secure.

**I. Name of the Program:** "Fight against Covid-19"

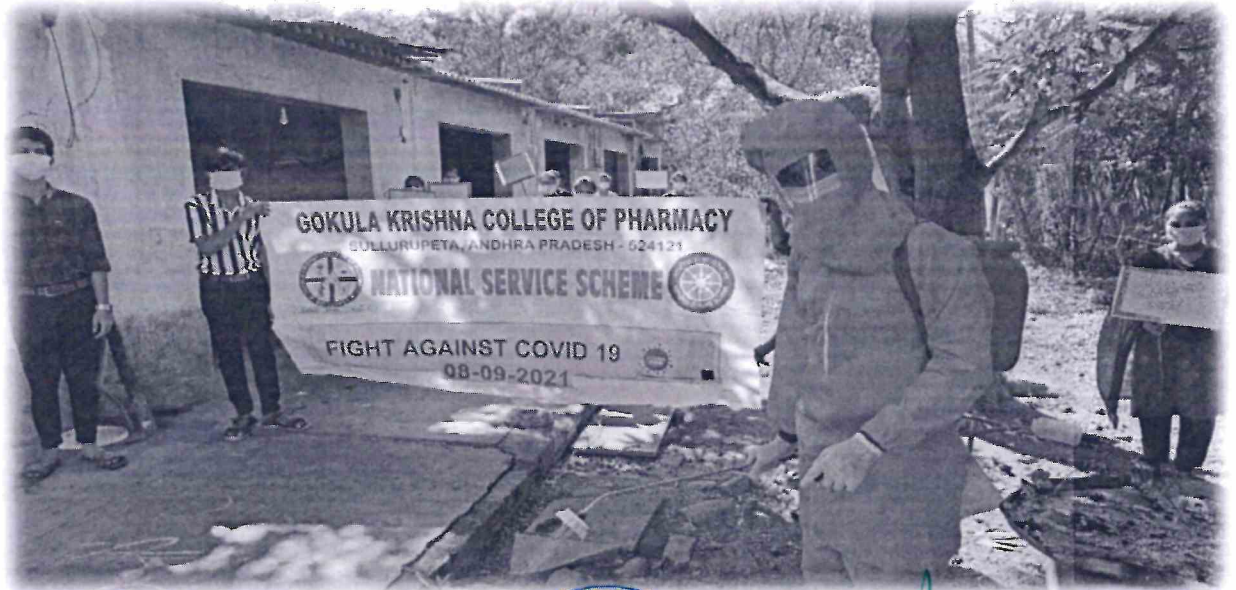

**II. Date:** 08-09-2021

**III. Venue:** Sullurupeta Municipal Corporation

**Report:**

The NSS Units of Gokula Krishna College of Pharmacy, Sullurupeta, Organized Fight against Covid-19 Awareness Campaign on 08<sup>th</sup> September 2021 at Sullurupeta Town to stop the spread of virus. To create awareness regarding preventive intervention techniques that would help in reducing the transmission of the disease. NSS Volunteers also insisted the public to take two doses of vaccine. Nearly 50 NSS Volunteers took part in this awareness program. As an outcome people were sensitized about the spread of Corona Virus and its prevention and posters were displayed in and around our campus. This is an evolving situation, and timely and accurate information is critical. Educating the public about positive preventive measures, talking to them about their fears, and giving them a sense of some control over risk of infection helped in reducing their anxiety.

**I. Name of the Program:** “Environmental Sanitation and Disposal of Garbage & Composting”

**II. Date:** 17-12-2020

**III. Venue:** Sullurupeta Municipal Corporation

## Report:

Local environmental sanitation was still in its infancy in most remote rural areas with poor economic conditions. Rural garbage was thrown away at will, with no centralized collection or treatment. Villagers cleaning up their own garbage outdoors. The informal treatment had resulted in a waste pile up by the roadside or river body, resulting in worsening waste environmental sanitation in rural areas. The main objective of this programme is to protect our environment from pollution and contamination and repair and reduce the damage caused by pollution and its ill effects on the earth. Composting organic waste can divert substantial trash from landfills and create nutrient-rich soil for agriculture and gardening, developing and maintaining a clean, safe and pleasant physical environment in all human settlements, to promote the social, economic and physical well-being of all sections of the population. By keeping this in mind NSS Unit-I of Gokula Krishna College of Pharmacy in Collaboration with Vidyakalamandir Organization-Bangaloor, organized an awareness program on **Environmental Sanitation and Disposal of Garbage & Composting** on dated 17-12-2020 at Sullurupeta town. Mr. Chiranheev Dass (WMV), 50 NSS student volunteers and faculty members participated in this event.

**I. Name of the Program:** “Weed Control”

**II. Date:** 16-12-2019

**III. Venue:** Kotapoluru Panchait

**Report:**

On 16-12-2019 at Kotapolur village fields the NSS unit-I Gokula Krishna College of Pharmacy Sullurupeta organized awareness program on weed control. As weeding is important in agriculture because weeds are competitive plants as they reduce the useful crop yield by acquiring space, fertilizers and nutrients from the soil. About 50 NSS volunteers participated in this event. The main objectives of weed control are to improve the soil conditions by reducing evaporation from the soil surface, improve infiltration of rain or surface water, reduce runoff to maintain ridges or beds on which the crop is grown and to reduce competition of weeds for light, nutrients and water is done with the help of NSS volunteers and NSS Officer. Finally the event was organized in well structured and without any Obstacles

*“If you tend to a flower, it will bloom, no matter how many weeds surround it”.*

## Report:

Cleaning the environment is the key to the existence and survival of life on planet earth. Maintaining a clean environment reduces pollution, preserves our biosphere, protects endangered species, and helps to preserve the earth's natural resources. The polluted atmosphere creates diseases and several viruses and germs that are toxic. To safeguard us from illnesses, a clean environment is extremely important. In order to inculcate the importance of clean and green the NSS Unit-I of Gokula Krishna College of Pharmacy, Sullurupeta organized a awareness program on 10-11-2019 at Nethaji Nagar with slogans of Better Environment, Better Tomorrow. Save the planet Earth. Stop polluting etc., The main objective of this program is to minimize impacts to water quality and water resources Reduce air toxics emissions and greenhouse gas production; Minimize material use and waste production; and Conserve natural resources and energy. A total of 50 NSS volunteers and 5 staff members actively participated in this program and made a grand success of it

**II. Date:** 30-08-2019

**III. Venue:** Sullurupeta Municipal Corporation

## Report:

NSS Unit-I of Gokula Krishna College of Pharmacy, Sullurupeta organized an Awareness program on Clay Ganesh. We distributed the Clay Ganesh Idols at Sullurupeta Parameswari Nagar, As we have been observing a growing awareness about the water pollution caused by the immersion of Ganesh idols made out of Plaster of Paris, in natural water bodies such as lakes, rivers and the sea. While idols made out of naturally occurring clay can dissolve within hours of immersion in water, So we distributed the Ganesh Idols to the people of Sullurupeta Parmeswari Nagar. The main objective of this program is to Natural clay Ganesha usually add no chemicals, making it completely biodegradable. Ideally, these idols should be immersed at home itself, so the clay can be returned to the soil and reduces the environmental pressure on water bodies. Staff members and 50 students have actively participated in the event.

## BEST PRACTICE 2

### 1. Title: "MARCH AHEAD"

### 2. Objectives:

- Bridge the industry-academia gap.
- Provide comprehensive training in capacity building skills.
- Provide hands-on training with industry experts.
- Facilitate placement in reputable organizations.
- Prepare students for competitive exams.
- Promote higher education for specialized expertise.

### 3. The Context:

Practical-oriented studies enhance the value of education, but traditional laboratory experiments fall short of meeting industrial needs. To address this, we employ various methods to bridge the gap. Industries seek vibrant and adaptable students with strong communication and smart skills. Our training programs, in collaboration with reputable institutions and certifications, prepare students in diverse areas, ensuring they excel in competitive recruitment and higher education. By integrating industry training with academics, we equip students for success in both the job market and further studies.

### 4. The Practice:

GKCP prioritizes recruitment by providing comprehensive pre-placement training, both technical and non-technical, to ensure students excel in interviews and recruitment procedures. Continuous counseling boosts students' morale and emphasizes the importance of maintaining good academic scores for successful placement. The placement and training cell designs modules that develop technical, logical, analytical, and managerial skills in students, with progress assessed through various training modules. Soft skill training programs enhance communication, presentation, leadership, and time management skills. Aptitude skill training improves reasoning, data

interpretation, and analytical abilities. Technical skill training focuses on advanced techniques in fields like SAS and computer-aided drug design. Regular industrial visits and departmental events support fruitful placements, while technical sessions, GPAT and PGECET classes, and higher education guidance further foster career development.

## 5. Evidence of success:

After the successful completion of pre-placement training, we have witnessed significant improvements in the personal and technical skills of our students. They excel in communication, exhibit a positive attitude during interviews, and possess a high level of confidence. Employers and parents have praised our placement support, highlighting our success in preparing students for the industry. We consistently observe improvements in the quality of placements with students securing positions in renowned companies. Our students and alumni excel as aspiring entrepreneurs, showcasing their practical understanding and innovative ideas. Their knowledge of current industry trends boosts their selection during campus interviews. Our comprehensive personality development programs enhance confidence, communication skills, and employability, leading to improved placements and higher selection rates in competitive exams.

In the current global context, it is imperative for students in any educational institution to supplement their prescribed curriculum with additional knowledge. To enrich students' skills, the GKCP offers a range of skill development courses designed to align academic content with industry demands, thereby equipping students with supplementary expertise. Furthermore, the GKCP hosts diverse events at departmental, inter-departmental, and inter-collegiate levels, serving as platforms that cater to students' needs and facilitate their growth.
