Lr.No. GKCP/Z7/JNTUA/DAP/ B.Pharm/R23 Syllabus/2023/02

20.12.2023

To
Director,
Academic and Planning,
JNTU Ananthapur,
Ananthapuramu – 515002.

Respected Sir/Madam,

Sub: GKCP - Z7 - JNTUA - DAP - B.Pharm R23 Syllabus - Request to consider Remedial Mathematics / Remedial Biology, Communication Skills, EVS & Computer Applications in Pharmacy as Non-University Exams - Reg

Ref: B.Pharmacy R23 Syllabus and Regulations (E-mail dated 30-10-2023).

With reference to the aforementioned subject, we would like to bring to your attention that JNTUA has implemented B.Pharmacy R23 regulations and syllabus beginning with the academic year 2023-2024.

The non-university pattern was altered to credit courses with university-end examinations for remedial mathematics, remedial biology, communication skills (I year - I semester), environmental sciences, and computer applications in pharmacy theory and lab (I year - II semester). Considering the student benefit and other circumstances, the university may consider using the same non-university exam pattern (as specified in R19 regulations) for these courses.

However, the above subjects have been finalized as university examinations with credits in the final regulations and curriculum of B.Pharmacy R23. The Pharmacy Council of India has prescribed non-university exams for the above subjects in its B.Pharmacy regulations. We request you please reconsider the above-mentioned changes proposed to R23 regulations.

Thanking you

Pavan
