PROGRAM REPORT

Name of the NSS Activity	:	“A RALLY ON ANTI SUNSTROKE REMEDIES”
Date of the NSS Activity	:	11-04-2022
Description of the NSS activity	:	<p>NSS UNIT-I regular camp activities, Gokula Krishna College of Pharmacy, Sullurupeta has conducted an “Awareness Program on Sunstroke” on 11-04-2022 at Sullurupeta town surrounding the campus. Wear comfortable loose clothing. Keep yourself hydrated. Drink plenty of water and fruit juices. Do not leave your children or pets locked in a parked car. This has caused many deaths of both children and pets. Avoid any form of strenuous physical activity as much as possible in the direct heat. Even if it is necessary, make sure medical services are readily available, or you have the medical emergency numbers handy. Avoid going out when the sun is at its highest (noon times) because then the temperature is at the maximum. Venture out in late evenings or early mornings. The main objective of this program to create awareness regarding the increase in the mortality due to ignorance of the Sunstroke life-threatening condition that occurs when your body temperature gets too high. It’s usually the result of overexertion in hot, humid weather. Symptoms may include confusion, seizures or loss of consciousness, among others.</p>

PROGRAM REPORT

Name of the NSS Activity	:	“CLEANING OF VILLAGE PONDS AND WELLS”
Date of the NSS Activity	:	10-01-2022
Description of the NSS activity	:	<p>Ponds plays a significant role in the provision of ecosystem services to society including water purification, flood alleviation, irrigation, watering livestock, fish production, support for pollinators and climate change mitigation. Cleaning of ponds was closely related to cleanliness of the village and health of the people. Without clean water, the death toll keeps rising annually due to the increased cases of water born diseases such as Malaria, Diarrhea and Typhoid fever. Sensitizing the society towards the cleanliness, it's not only land to be cleaned but needs the equal attention to be given to water bodies. Keeping this in mind a pond and well cleaning activity was conducted in Polireddy Palem village on 10th January 2022 by National Service Scheme (NSS) unit-I of Gokula Krishna College of Pharmacy, Sullurupeta. Around 50 students of the NSS wing along with faculty members had taken initiative to clean the pond.</p>
<i>Our promise to you, your pond will strive</i>

PROGRAM REPORT

Name of the NSS Activity	:	“FIGHT AGAINST COVID-19”
Date of the NSS Activity	:	08-09-2021
Description of the NSS activity	:	<p>The NSS Units of Gokula Krishna College of Pharmacy, Sullurupeta, Organized Fight against Covid-19 Awareness Campaign on 08th September 2021 at Sullurupeta Town to stop the spread of virus. To create awareness regarding preventive intervention techniques that would help in reducing the transmission of the disease. NSS Volunteers also insisted the public to take two doses of vaccine. Nearly 50 NSS Volunteers took part in this awareness program. As an outcome people were sensitized about the spread of Corona Virus and its prevention and posters were displayed in and around our campus. This is an evolving situation, and timely and accurate information is critical. Educating the public about positive preventive measures, talking to them about their fears, and giving them a sense of some control over risk of infection helped in reducing their anxiety. The NSS Volunteers had taken sincere efforts in creating awareness on the deadly disease.</p>
