PROGRAM REPORT

Name of the NSS Activity	:	“A RALLY ON ANTI SUNSTROKE REMEDIES”
Date of the NSS Activity	:	22-03-2021
Description of the NSS activity	:	“Awareness Program on Sunstroke” on 22-03-2021 at Sullurupeta town Kollamitta area wear comfortable loose clothing. Keep yourself hydrated. Drink plenty of water and liquid food. Avoid any form of strenuous physical activity as much as possible in the direct heat. Even if it is necessary, make sure medical services are readily available, or you have the medical emergency numbers handy. Avoid going out when the sun is at its highest (noon times) because then the temperature is at the maximum. Venture out in late evenings or early mornings. The main objective of this program to create awareness regarding the increase in the mortality due to ignorance of the Sunstroke life-threatening condition that occurs when your body temperature gets too high. basic principle of heatstroke management is early resuscitation and immediate cooling . Cold water immersion or convection evaporation method can be implemented based on the specific patient characteristic, among others. NSS UNIT-I regular camp activities, Gokula Krishna College of Pharmacy, Sullurupeta has conducted

PROGRAM REPORT

Name of the NSS Activity	:	“CLEAN and GREEN”
Date of the NSS Activity	:	11-02-2021
Description of the NSS activity	:	<p>A clean and green environment is a basic requirement. Environmental pollution in the form of air, water, and land pollution has hurt life. The air quality is unbreathable, the water is undrinkable, and the land is contaminated, resulting in a slew of diseases. Pollution must be addressed and reversed if the planet is to survive. A healthy life is only possible if the basic requirement of clean air and land is met. A clean and green environment implies a lack of pollution and a higher standard of living. In order to inculcate the importance of clean and green the NSS Unit-I of Gokula Krishna College of Pharmacy, Sullurupeta organized a awareness program on 11-02-2021 at Nethaji nagar village with slogans of Better Environment, Better Tomorrow. Save the planet Earth. Stop polluting etc., The main objective of this program is to make them aware how to keep their surroundings “clean and green” and to create the awareness of the present day issues and its effect on the environment. A total of 50 NSS volunteers and 5 staff members actively participated in this program and made a grand success of it.</p>

PROGRAM REPORT

Name of the NSS Activity	:	“ENVIRONMENTAL SANITATION AND DISPOSAL OF GARBAGE & COMPOSTING”
Date of the NSS Activity	:	17-12-2020
Description of the NSS activity	:	<p>Local environmental sanitation was still in its infancy in most remote rural areas with poor economic conditions. Rural garbage was thrown away at will, with no centralized collection or treatment. Villagers cleaning up their own garbage outdoors. The informal treatment had resulted in a waste pile up by the roadside or river body, resulting in worsening waste environmental sanitation in rural areas. The main objective of this programme is to protect our environment from pollution and contamination and repair and reduce the damage caused by pollution and its ill effects on the earth. Composting organic waste can divert substantial trash from landfills and create nutrient-rich soil for agriculture and gardening, developing and maintaining a clean, safe and pleasant physical environment in all human settlements, to promote the social, economic and physical well-being of all sections of the population. By keeping this in mind NSS Unit-I of Gokula Krishna College of Pharmacy in Collaboration with Vidyakalamandir Organization-Bangaloor, organized an awareness program on Environmental Sanitation and Disposal of Garbage & Composting on dated 17-12-2020 at Sullurupeta town. Mr. Chiranheev Dass (WMV), 50 NSS student volunteers and faculty members participated in this event.</p>
